

## FHA INFORMED CONSUMER CHOICE DISCLOSURE NOTICE

In addition to an FHA-insured mortgage, you may also qualify for other mortgage products offered by your lender. To assure that you are aware of possible choices of financing, your lender has prepared a comparison of the typical costs of alternative conventional mortgage product(s) below, using representative loan amounts and costs (the actual loan amounts and associated costs shown below will vary for your own mortgage transaction). You should study the comparison carefully, ask questions, and determine which product is best for you. The information provided below was prepared as of \_\_\_\_\_.

Neither your lender nor FHA warrants that you actually qualify for any mortgage loan offered by your lender. This notice is provided to identify the key difference between these mortgage products offered by your lender. This disclosure is not a contract and does not constitute loan approval. Actual mortgage approval can only be made following a full underwriting analysis by your mortgage lender.
