# Symmetry HELOCs

MiMutual works directly with Symmetry to offer simultaneous secondary financing in the form of a HELOC. These are not permitted to be submitted through the correspondent channel – they must be brokered, with MiMutual as the lender. These HELOCs must close with a corresponding first lien; they cannot be closed as standalone seconds.

## *Process Flow*

- Broker will register loan within the wholesale portal, designating a TCF HELOC is being requested, even though a Symmetry HELOC is the desired subordinate financing (portal enhancements to allow the selection of Symmetry are forthcoming)
  - A change of circumstance should be submitted to indicate a Symmetry HELOC (and not a TCF HELOC) is being selected
- MiMutual will include in the disclosure package to the borrower:
  - Symmetry's Broker to Consumer Authorization: must be signed by all borrowers
- Broker will upload their submission package to MiMutual
  - Symmetry does not use a worksheet to determine loan amount/payment
- MiMutual will deliver the loan to Symmetry for approval upon receipt of all credit/income docs
- Symmetry mails the Initial Disclosure Package to the borrowers
  - No returned documents required
  - HELOCs are open-ended credit, and not subject to TRID; therefore, Symmetry does not issue an LE or CD.
- Symmetry will pull a tri-merged credit report when the submission is received, then complete an initial review and advance the file to their underwriting department. The desk review will be ordered when the file is advanced to underwriting.
  - The Symmetry mid score (primary wage earner) must meet the minimum for each program
- Symmetry will issue the conditional approval.
- Symmetry closing docs are sent directly to escrow/title.
- Loans fund by wire. Symmetry will coordinate with the title/escrow company to wire funds in time for the closing, concurrent with the first mortgage.
  - Symmetry's wire cutoff time is 2:00p CST

## *OVERLAYS*

- No standalones
- No piggybacks that do not close concurrently with first lien
- No processor's cert for inquiries
